

Student Research Conference 2016

Programme

Radboud University, Grotius Building, Montessorilaan 10, Nijmegen

09:30-10:00	Registration & Coffee			
10:00-10:50	Plenary Programme			
10:00-10:10	Welcome speech by Prof. dr. Han van Krieken Rector magnificus Radboud University Nijmegen			
10:10-10:20	Opening of the Conference by dr. Karl Dittrich President VSNU and Chair of the Conference			
10:20-10:35	Expert in the field of "Languages, Culture & Law" Prof. dr. James Kennedy Dean at Utrecht University College and professor of Modern Dutch History at Utrecht University			
10:35-10:50	Expert in the field of "Exact" Prof. Erik Verlinde Professor of Theoretical Physics at University of Amsterdam and winner of the NWO-Spinoza prize in 2011			
10.50-11.20	Break & Poster Presentations			
11.20-12.50	Workshop Presentation Session I			
	Room: 1.136 Category: Language, Culture & Law	Room: 1.139 Category: Exact	Room: 1.070 Category: Economy & Society	Room: 1.075 Category: Medical & Health
	<p>#01 Laura Cromzigt Utrecht University <i>Strawson's take on responsibility applied to AI.</i> (NL).</p> <p>#94 Patricia Kret Leiden University <i>Hic situs est: occupational identity of Roman Jewelers.</i></p> <p>#17 Nick Doggen Maastricht University <i>Bridging the value-action gap: Compliance with Kyoto in the Environmental Liability Directive.</i></p> <p>#55 Anne Verhoef VU Amsterdam <i>Brideshead Revisited through the Years: Between Religion and Relationships from Novel to Screen.</i></p>	<p>#11 Sya Hoeke Wageningen University <i>Organic soil management reduces soil water repellency.</i></p> <p>#103 Dennis Vaendel Lennart van Sluijs Leiden University <i>Attenuation by the debris disk of the solar-like star HD 107146 of a distant occulted galaxy.</i></p> <p>#57 Nika Daling University of Twente <i>The influence of measurement density on micro-instability testing.</i></p> <p>#119 Lucas Jollie University of Amsterdam <i>Sediment ecotoxicity of the insecticide lufenuron to benthic macroinvertebrates.</i></p>	<p>#19 Manon Dreuning VU Amsterdam <i>Gewelddadige victimisatie, psychopathologie en sociale steun bij patiënten met schizofrenie (NL).</i></p> <p>#145 Lars Jaswetz Sebastian Snijders Radboud University Nijmegen <i>The Interaction between Sensory Processing Sensitivity and Childhood Environment on Social Anxiety</i></p> <p>#33 Fernando Lasso Erasmus University Rotterdam <i>The power of Google search data; an alternative approach to the measurement of unemployment in Brazil.</i></p> <p>#37 Christian Wrede University of Twente <i>Persoonlijkheid en e-Health: De relatie tussen persoonlijkheidstypes en voorkeuren voor persuasieve strategieën in gezondheidsbevorderende mobiele applicaties. (NL)</i></p>	<p>#38 Debby van Steenderen Leiden University <i>Dense RASSF1A methylation in uveal melanoma correlates with expression and clinical class.</i></p> <p>#32 Lina Wübbecke Radboud University Nijmegen <i>Nanobody-photosensitizer conjugates for the treatment of epithelial ovarian cancer through targeted photodynamic therapy.</i></p> <p>#97 Nousjka Vranken Maastricht University <i>Non-invasive tissue oximetry following unilateral DIEP-flap reconstruction: a pilot evaluation.</i></p> <p>#112 Rogier Nell Mark de Lange Leiden University <i>Kwantificatie van T-celinfiltreat met digitale PCR.</i> (NL)</p>
12.50-13.50	Lunch & Poster Presentations			

13.50-15.20		Workshop Presentation Session II		
Room: 1.070 Category: Language, Culture & Law	Room: 1.139 Category: Exact	Room: 1.136 Category: Economy & Society	Room: 1.075 Category: Medical & Health	Room: 1.143
<p>#72 Anne Wester Utrecht University <i>Civil Religion in African-American Mourning</i> <i>Songs about John F. Kennedy.</i></p> <p>#137 Bas Rensen Leiden University <i>The instrument of authority: The Niger river as propaganda in Northern Nigeria, 1900-1905.</i></p> <p>#133 Haylee Kelsall Erasmus University Rotterdam <i>Empathy Legality Politics and Protection: Framing Refugees and Asylum Seekers in the UK Press.</i></p> <p>#106 Lisanne Veldt Utrecht University <i>Protests, plenums and politics: An analysis of the Bosnian Spring and its political (dis)continuity.</i></p>	<p>#27 Gea van de Kerkhof Wageningen University <i>Een mechanistische kijk op drogende suspensiedruppels.</i> (NL)</p> <p>#86 Maxime Beck Dieter Claus Eline De Mulder Charlotte De Vuyst Bram Van Wetteer University Gent <i>Van bio-olie tot cosmetica.</i> (NL)</p> <p>#108 Luuk Verhoeven Radboud University Nijmegen <i>Hearing the Shape of a Trapezoid Drum.</i></p> <p>#118 Bert Biesemans Laura de Saedeleer Laura Truyens Christophe Naessens University Gent <i>Afvalwater als alternatief voor ruwe aardolie: feit of fictie?</i> (NL)</p>	<p>#74 Florianne Verkroost University of Twente <i>The Gender Wage Gap in the Netherlands from 1986 to 2012: a Multilevel Analysis.</i></p> <p>#105 Alice Reinhartz Radboud University Nijmegen <i>Not Just Red and White: Wine Expertise Influences Wine Color Descriptions.</i></p> <p>#120 Liana Brüseke University of Twente <i>The influence of privacy perceptions on online shopping behavior - a comparison between millennials and baby boomers.</i></p> <p>#12 Moritz Krusche Maastricht University <i>Can we improve how we learn? Investigating learning and transfer of abstract relational principles.</i></p>	<p>#53 Anna Vlot Leiden University <i>Utilising computational power to increase drug safety: predicting and understanding tissue selectivity.</i></p> <p>#134 Willem Sake Eikelboom Radboud University Nijmegen <i>The Effect of Formal Education on Vascular Cognitive Impairments after Stroke in Young Adults.</i></p> <p>#78 Elsa Kuijper Bart Everts Leiden University <i>Metabolic regulation of immunological synergism between Toll-like receptor and Fc-receptor signalling.</i></p> <p>#25 Boris Polm Leiden University <i>The Role of Doublecortin-like in the Suprachiasmatic Nucleus.</i></p>	<p>Workshop vormgeving van Verantwoord Onderzoek (NL) door:</p> <p>Gerben ter Riet Associate Professor bij Academic Medical Center</p> <p>Rob van der Sande Professor of Community-Based Primary Healthcare at the HAN University of Applied sciences</p>
15.20-16.00	Coffee Break & Poster Presentations			
16:00-16:15	Expert in the field of "Economics & Society" Prof. dr. Daniel Wigboldus Dean of the Faculty of Social Sciences at Radboud University			
16:15-16:30	Expert in the field of "Medical & Health" Lector Rob van der Sande Professor of Community-Based Primary Healthcare at the HAN University of Applied sciences			
16:30-16.45	Speech by Prof. dr. Stan Gielen Chairman elected of the Board at NWO			
16.45-17.45	Award Ceremony			
	Public Choice award for the best research posters Observations on the awarding and reviewing process: Hans van Himbergen , Chair of the Review Committee. Awards presentation in four categories: – Languages, Culture & Law – Exact – Economy & Society – Medical & Health			
17.45-17.50	Announcement Student Research Conference 2017 by Prof. dr. Michael Burke Director of Research at University College Roosevelt			
17.50-18.30	Reception			
18.30	Conference Dinner - Restaurant Beau			

Poster Presentations

11.20-12.50 / 13.50-15.20 / 15.20-16.00

#2 Jan den Daas

Utrecht University
Drought analysis in Tanzania using Markov chains.

#10 Nienke van Bueren

University of Amsterdam
Performing Cognitive Bias Modification training on a smartphone compared to an online version in young adults.

#13 Rebecca Chang

University of Amsterdam
The influence of self-initiated cheating on the detection efficiency of the Concealed Information Test.

#22 Filip Permentier

Vrije Universiteit Brussel
Onderzoek naar de maatschappelijke rol van musea en kunstencentra in de superdiverse grootstedelijke Brusselse context (NL).

#26 Lauren Waardenburg

VU Amsterdam
The influence of commitment on employees' sense of belongingness, and the consequences on employees' turnover intentions in high-commitment organizations: A study at the Royal Netherlands Navy.

#28 Rianne van Outersterp

Radboud University Nijmegen
Structural characterization and activation of nature's fuels of life.

#34 Merle Rüder

Utrecht University
Driving Forces of Immigrant Entrepreneurship.

#35 Marie Barking

Tilburg University
The Impact of Word Order and Case Marking on Word and Structure Learning - An Artificial Language Learning Experiment.

#40 Saskia Kuling

Open University Nederland
Dagelijkse Stress en negatief Affect bij Adolescenten, de modererende Rol van Zelfwaardering. (NL)

#42 Barbara Steffen

University of Twente
Inter- & Intradepartmental Knowledge Management Barriers when Offering Single Unit Solutions.

#44 Marina Thomas

Radboud University Nijmegen
Why do women fall for money? The Effect of Gender Ideology and Culture on the Mate Preference for Resources.

#48 Antonia Bauer

University College Roosevelt
Diet and Cognitive Health - Dietary habits of elderly adults living in nursery care.

#49 Jeroen Klein Brinke

University of Twente
Flex Sensors: Possibility of Detecting Improper Posture of a Runner's Arm.

#51 Abdullah Rasool

Radboud University Nijmegen
AAWSome: Anonymons authentication for WiFi and some real-world scenarios.

#56 Ines Simic

Rutger van Aalst
Rotterdam University of Applied Sciences
Underwater Sound Filtering.

#61 Mandy Woelk

Esther Klinkenberg
Utrecht University
Data peeking: a quantitative and qualitative exploration of the use of interim analysis.

#63 Anna Geiger

Maastricht University
The effect of age and neuropsychological performance on gyrification changes in fronto-parietal resting state networks in an older population-based cohort.

#65 Elisa Korthof

Leiden University
The Relation between Reading Strategies and Reading Comprehension .

#66 Felix Tönisen

Radboud University Nijmegen
EP4 receptor promotes invadopodia and invasion in human breast cancer

#69 Alexandra van Walraven

Leiden University
Human Trafficking by United Nations Peacekeepers: Mapping the Legal Terrain.

#81 Mandy Spaltman

Radboud University Nijmegen
Underlying Mechanisms of Biased Emotional Processing: The Influence of Emotional Intelligence and Nationality on Emotional Picture Processing.

#85 Kees van Ginkel

University of Twente
Water quality in the Upper Citarum River Basin: towards a better understanding of a heavily polluted catchment.

#87 Vera Ande

Tilburg University
The Decembrist Revolt of 1825 as a Tool to Assess the Modern Russian Call for Freedom: The Case of the Russian Protests of 2011-2012.

#91 Manon R.O. Ligeon

TU Delft
Preventing coastal erosion by biological denitrification.

#96 Elise Verhoog

University of Amsterdam
The Gait Real-Time Analysis Interactive Lab is a safe and feasible test setting to investigate the automaticity of gait.

#98 Joost Remmers

TU Delft
Wave attenuation by vegetation applied on dike design.

#101 Juliane Traxler

Radboud University Nijmegen
The Influence of Pain Intensity and Executive Functioning on Facial Pain Expression.

#110 Jill Aaldering

Hogeschool Utrecht
Voorspellende factoren voor vallen bij chronisch CVA-patiënten (NL).

#125 Richard Gossens

Radboud University Nijmegen
Evaluating Arabidopsis thaliana ubiquitin1 promoter activity in Solanum lycopersicum.

#126 Anand Biharie

Leiden University
Can probiotics prevent diarrhoea in an 18 month-old boy who is treated with antibiotics? A Critical Appraisal of a Topic.

#128 Claudia de Wilde

Maastricht University
The effects of alcohol warning labels on different age groups in the Netherlands.

#146 Ufuk Altunbüken

Maastricht University
How Behavioral Habits Mediate the Relationship between Personality Traits and Savings – Evidence from the UK
